**RAIDATALSHARQ**

FOR PORTABLE HOUSE

Your Partner in Innovative and  
Reliable Portable Housing Solutions

Product  
**BROCHURE**

## VISION

To be the top global provider of innovative and customized solutions for the manufacturing, construction and maintenance of prefabricated portable housing industries in the Kingdom of Saudi Arabia, known for our exceptional quality, reliability, customer service, and environmental stewardship.

## MISSION

Raidat Alsharq is your partner in nation-building. We provide comprehensive and integrated solutions for the construction, oil and gas, and temporary housing industries. We specialize in the design, manufacturing, installation, maintenance and services of portable camps, steel structure buildings, steel hangers, and related infrastructure, including civil works, electricity, and sewage systems. We also offer a wide range of oil field spare parts and accessories. Our mission is to exceed our clients' expectations by delivering high-quality products and services that are tailored to their specific needs, while maintaining a commitment to safety, sustainability, and social responsibility.

## GOAL

Is to be the preferred provider of complete and integrated solutions for the construction, oil and gas, and temporary housing sectors in the Kingdom of Saudi Arabia. We go beyond providing products and services; we aim to be a reliable partner in your success. Whether you need construction equipment, temporary housing solutions, or oil and gas services, we are dedicated to supporting your business and helping you achieve your objectives.

### EXCELLENCE

We pursue excellence in all aspects of our work, from product quality to customer service.

### INTEGRITY

We conduct our business with integrity, honesty and transparency, and uphold ethical principles in all our interactions.

### INNOVATION

We're dedicated to innovation and continuously improving our products, services, and processes.

## CORE VALUES

### SAFETY

Safety first. We prioritize the safety of our employees, clients, and communities in all our operations.

### CUSTOMER SATISFACTION

We prioritize our clients and strive to ensure their satisfaction with our products and services

### SUSTAINABILITY

We're committed to promoting sustainability and minimizing our environmental impact in all aspects of our business.

### TEAMWORK

We value collaboration, teamwork, open communication, and mutual respect among our employees and partners.

## About the Company

● *“Strength you can rely on, design you’ll love”*

### Key Features

- Strength & Durability
- Cost – Effectiveness
- Sustainability
- Design Flexibility
- Speed of Construction
- Longevity
- Versatility

## VIP DINING & TOILET

Designed for high-end dining experiences. It is made from high-quality materials and features a luxurious dining area, mobile kitchen, and restroom. The portable housing is mobile and can be transported to different locations, providing a private and comfortable dining experience for VIP guests.

## VIP Accommodation

● *“Experience the Ultimate in Luxury and Comfort”*

VIP accommodation portable housing is a movable structure designed for luxurious and exclusive accommodation for high-profile guests. It's made from high-quality materials to ensure durability and weather-resistance. The interior features a spacious living area, well-equipped kitchen, comfortable bedroom, and private bathroom for a comfortable stay.

## Event Venues: Spaces for Conferences Meetings, and Celebrations

● *“Where Every Event is Unforgettable”*

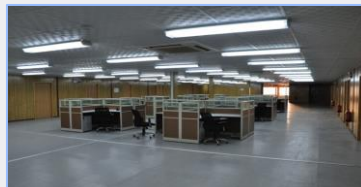

## Offices

● *“Take Your Office On-the-Go: Portable Workspaces for the Modern Business”*

Raidat Alsharq offers cost-effective and time-efficient building solutions for specialized facilities such as main offices and site offices. The company's buildings are designed to be customizable, enabling clients to adapt to their growing business needs and expansion requirements. Extra space is an essential component of any organization's continuous growth and development, and Raidat Alsharq provides buildings that are tailored to meet these needs. The company's focus on affordability, efficiency, and flexibility makes it an ideal partner for businesses seeking adaptable building solutions.

## Kitchen & Mess Hall

Raidat Alsharq offers customized kitchen and dining hall buildings, engineered for optimal serving efficiency, safety, and productivity. These durable and high-quality buildings are designed to meet the specific needs of clients based on their size and facilities, ensuring they receive tailored solutions that are optimized for their operations.

## Toilets & Laundry

● *“Your trusted partner for portable hygiene and laundry needs”*

Raidat provides high-quality toilet and laundry solutions that are durable, functional, and efficient. Our toilets are designed to provide a comfortable and hygienic experience for users and are adaptable to various settings, such as in portable housing units and construction sites. Our laundry solutions are designed to be efficient and reliable, making laundry tasks easy and convenient. We offer a range of solutions that can be customized to meet the specific needs of our clients. Whether you need a single toilet or laundry unit, or a complete system, we have the expertise and experience to deliver the right solution for you.

**Lounge, Lobby & Hallway**

*"Step into the World of Comfort and Elegance"*

Raidat Alsharq provides comfortable and stylish lobby and lounge spaces that are designed to enhance the guest experience. The lobby lounges offer a welcoming atmosphere for guests to relax, socialize, or work, with plush seating, complimentary amenities. Also, the hallway is designed to provide a safe and convenient pathway for residents and employees to move between different areas of the housing unit or the offices.

**PMT Office**

*"Empowering Your Project Success: Designing an Office Fit for Your PMT Needs"*

A workspace designed for the team responsible for planning, executing, and monitoring a project. It is designed to be functional and efficient, promoting effective communication, collaboration, and productivity to support project success.

**CPP Camp**

The camp includes various amenities, such as sleeping quarters, dining facilities, recreational areas, and medical facilities. Additionally, the camp is designed to be environmentally friendly and energy-efficient, reducing its impact on the environment.

**SINOPEC E&C Middle East – Eastern Camp**

The Eastern Camp is designed to provide comfortable and functional living spaces for residents, including dining halls, recreational areas, medical clinics, and administrative offices.

**Tanjib Camp**

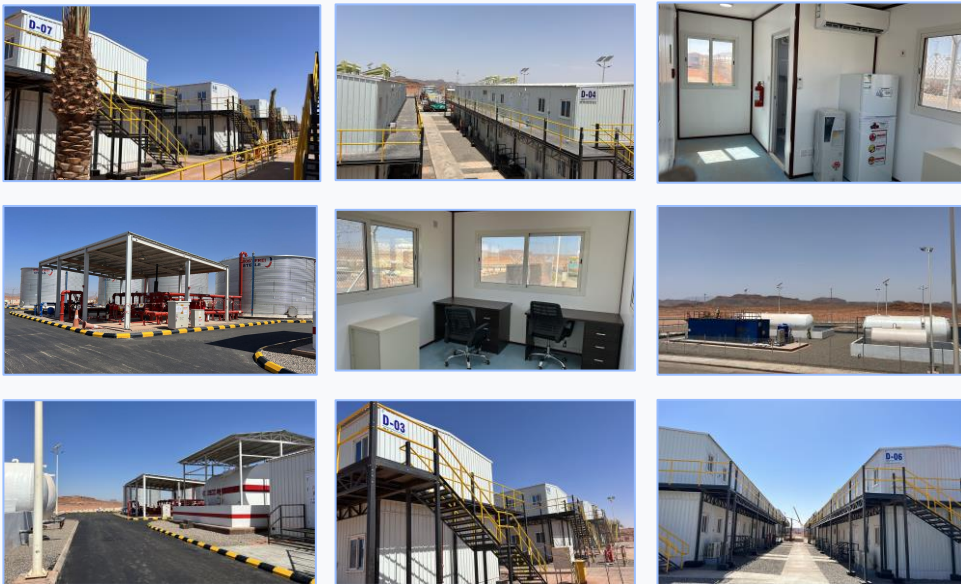

## NEOM CAMP A Project

● *"Experience Nature in Innovation"*

The NEOM CAMP project is being developed as a modular, prefabricated housing facility that is designed to be flexible, adaptable, and scalable. To ensure a comfortable and safe living experience for workers, the facility includes a range of features and amenities such as air conditioning, heating, and ventilation systems, high-speed internet and communication services, recreation areas, and dining facilities.

## Recreational - Leisure & Sport Facilities

● *"Unwind, Recharge and Repeat"*

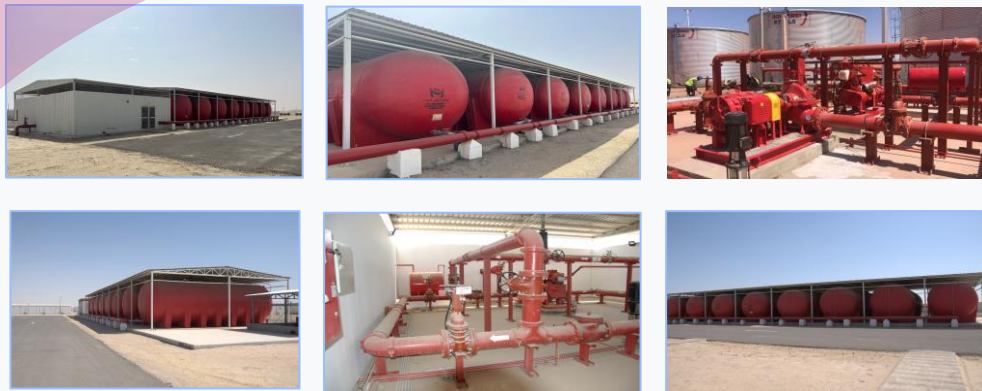

Raidat Alsharq offers sports and leisure facilities that are high-quality, cost-effective, and flexible to meet the varied needs of clients. These facilities are designed to provide a range of recreational activities and experiences, tailored to the specific requirements of each client

## Fire Fighting

*"Fighting fires, saving lives – everyday."*

### Key Features of Fire Fighting

- **Flexibility:** Requires adaptability due to changing occupancy levels and moving housing units.
- **Mobility:** Requires quick response time and mobile firefighting equipment.
- **Preparedness:** Requires emergency response training, evacuation planning, and fire detection systems.
- **Efficiency:** Requires efficient use of resources and effective use of firefighting equipment.
- **Collaboration:** Requires collaboration between firefighters, emergency responders, camp management, and occupants of housing units.
- **Proactive approach:** Requires a focus on fire prevention, including education, inspections, and enforcement of fire codes and regulations.
- **Safety:** Requires a focus on safety, including maintaining firefighting equipment and training personnel to safely respond to fires in housing units.

## Fire Alarm System

● *"Early warning saves lives. Don't wait for a fire to strike – be prepared with our system"*

### Key Features of Fire Alarm System

- **Detection:** Sensors detect fires or smoke using heat, smoke, or flame detectors.
- **Alert:** Audible alarms and flashing strobe lights alert people in the building, and some systems can send alerts to a monitoring center or emergency responders.
- **Control panel:** The central hub of the system where sensors and alarms are monitored, providing easy testing, maintenance, and troubleshooting.
- **Power source:** Reliable power source such as electricity or batteries to ensure the system can operate during power outages.
- **Integration:** Can be integrated with other building systems such as sprinklers or emergency lighting for a comprehensive fire protection system.

## Transportable Housing Delivery

● *"Bringing Quality Living to Your Doorstep"*

Transportable housing delivery delivers pre-fabricated or modular housing units to a project site, providing customized, quality, and cost-effective solutions that are mobile and can be constructed quickly.

## Pre-Fabrication Factory Site

● *"Bringing your designs to life with precision and quality"*

Our Fabrication Factory offers a wide range of custom fabrication solutions, from prototypes to large-scale production. At our state-of-the-art facility, we employ skilled experts who deliver exceptional results with precision and innovation.

Our Fabrication Factory offers a wide range of custom fabrication solutions, from prototypes to large-scale production. At our state-of-the-art facility, we employ skilled experts who deliver exceptional results with precision and innovation.

## Trainings

● *"Elevate Your Skills, Elevate Your Career"*

## OUR SERVICES

### 1. Construction of Pre-fabricated Buildings

Raidat Alsharq offers a turnkey solution for building needs, including design, engineering, manufacturing, transportation, and installation of pre-fabricated building components. These components are customized to meet clients' specific requirements and manufactured in a factory before being transported to the site for fast and cost-effective assembly.

### 2. Maintenance and Support

We offer maintenance and support services to ensure that our clients' portable housing solutions are always in good condition. We also provide training and support to help our clients operate and maintain our portable housing solutions.

## 3. Lan / IP Telephone System Installation

### Benefits

- **Cost savings:** LAN/IP telephone systems can be significantly less expensive than traditional telephone lines.
- **Flexibility:** LAN/IP telephone systems provide greater flexibility and mobility compared to traditional telephone systems.
- **Integration with other communication systems:** LAN/IP telephone systems can be easily integrated with other communication systems, such as email and instant messaging.
- **Advanced features:** LAN/IP telephone systems often offer advanced features such as call forwarding, voicemail, and video conferencing.
- **Scalability:** LAN/IP telephone systems can be easily scaled up or down to meet the changing needs of businesses and organizations
